

OPEN BURNING REMINDER

Citizens are reminded open burning is not allowed within the City of Rushford without a permit. Contact City Hall for a permit or to renew your permit from a previous year. *Permit fee for a new or revised burning site is \$10.00; permit fee for a renewal of an existing permit with no change is \$5.00.*

Recreational campfire type permits may be issued by the Fire Department when proper material is burned and when proper safety measures are in place. **The hours of recreational burning permits are from 8:00 p.m. to Midnight, at which time fires must be extinguished.**

In compact neighborhoods, other individuals may be negatively impacted by campfire smoke that has no means to escape from the neighborhood. Disregard for ordinances, rules or standards may result in the issuance of citations and/or the revoking of permits.
